

Poinsettia Fundraising

RAISING \$ FROM PWP GREENHOUSE POINSETTIAS

Christmas Poinsettias are an easy and profitable way to raise funds for your organization. Poinsettias are the # 1 plant purchased each year. Poinsettia sales are more effective than fundraising with candy, greeting cards, or other things you don't want or need.

PWP Greenhouses is family owned and operated. We started in 1982, and have grown beautiful poinsettias every year since. The picture you see above is from *our* greenhouses-ready to ship! Last year we grew over 15,000 pots of beautiful poinsettias. For years we have supplied poinsettias for fundraising by 4-H clubs, schools, church groups, cheerleaders, and other organizations. This is the simplest fundraiser ever! You take orders and sell the plants in advance- you have minimum risk. You then tell us how many you have sold, and we ship them to you. You **do not** have to purchase a large inventory in advance and hope you sell them all. We also provide order forms, care instructions and other point-of-sale information.

We guarantee quality! Red is the predominant color, but we also offer White, Marble, Burgundy, Pink, Ice Crystal, Ice Punch, Red Glitter, Tapestry, Winter Rose, and Peppermint. Our standard sizes include a 6.5-inch pot with one plant and 5 or more blooms, and an 8-inch pot with three plants and 12 or more blooms. Most find that the 6.5-inch pot is the best seller.

Your price includes a foil pot wrap in Red, Green, or Gold. We ship in a sleeve that protects the poinsettia, provides an easy way to carry them, and prevents potting soil, leaves, etc. from littering your staging areas during delivery, sorting, etc. With a \$500.00 order we will deliver to one location anytime between November 21 and December 10th. Delivery charges depend on your location. If your order is less than \$ 500.00 you can

pick up your plants at our greenhouse in Pall Mall, Tn. We do ask that you call and arrange a time and a date.

We would like to have an approximate order by early October if possible. You must submit your order by November 10th to insure the quantities and varieties you need. Remember our plants are sold on a “First come, First send” basis and we may sell out of a specific color. Please inform your customers that should we run out of the color they ordered, we will substitute the closest variety available or a red poinsettia.

All prices include the decorative pot wrap and a plastic sleeve.
